

Semler Scientific

Semler to Participate in the 21st Annual Needham Virtual Healthcare Conference

April 7, 2022

SANTA CLARA, Calif., April 7, 2022 /PRNewswire/ -- Semler Scientific, Inc. (Nasdaq: SMLR), a company that provides technology solutions to improve the clinical effectiveness and efficiency of healthcare providers, today announced that its chief executive officer, Doug Murphy-Chutorian, and chief marketing officer, Dennis Rosenberg, will present a company overview at the 21st Annual Needham Virtual Healthcare Conference on Wednesday, April 13, at 1:30 pm ET. Management will also participate in one-on-one calls with investors.

A live webcast will be available under "Events and Presentations" on the "Investor Info" section of the Semler Scientific website and may be accessed through the following link: <https://www.com/webcast/needham117/smlr/2278090>. The presentation will be archived for a period of 90 days after the conference.

About Semler Scientific, Inc.

Semler Scientific, Inc. is a company that provides technology solutions to improve the clinical effectiveness and efficiency of healthcare providers. Semler Scientific's mission is to develop, manufacture and market innovative products and services that assist its customers in evaluating and treating chronic diseases. Semler Scientific's patented and U.S. Food and Drug Administration, or FDA, cleared product, QuantaFlo®, is a rapid point-of-care test that measures arterial blood flow in the extremities to aid in the diagnosis of peripheral arterial disease. QuantaFlo® is used by Semler Scientific's customers to more comprehensively evaluate their patients for risk of heart attacks and strokes. Semler Scientific believes it is positioned to provide valuable information to its insurance company and physician customers, which in turn permits them to better guide patient care. Additional information about Semler Scientific can be found at www.semlescscientific.com.
